REASONS TO ENROL YOUR CHILD AT THE WIT SCHOOL

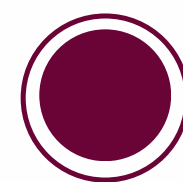

TWS is the first & only certified school in Ghana that offers the Finland education model, adjudged by OECD as the best education system in the world.

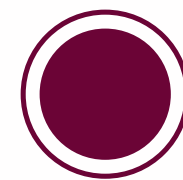

Our uniquely designed WIT curriculum and creative teaching and learning approach is a research-based blended program from Finland (HEI), Ghana & the UK.

90% of our students and alumni perform exceptionally well academically (top 5 of their class) when they move to other highly competitive schools across the world.

As an inclusive school, our fees are subsidized through the WIT Endowment Fund (WEF) supported by donor partners to ensure that all children can gain admission to our highly competitive school, based on merit

Our senior students are rigorously prepared by our certified and highly trained professional teachers to write the Cambridge Checkpoint, IGCSE, PISA and BECE tests.

To ensure high classroom engagement, our student to teacher ratio is 15:1 or less. Our learning program focuses on critical thinking, problem-solving skills, collaboration, communication, creativity and innovation.
